

**70 YEARS SINCE THE FOUNDING
OF THE COMMAND AND STAFF FACULTY –
REASONS AND PREREQUISITES**

Assoc. Prof. Emil Enev, PhD

Abstract: *“As the first historical review of the past and present of the Faculty of Command and Staff, this work lays the foundation for a subsequent, more complete edition. We hope that with the unreserved support of all those interested in the past and present of the faculty, inaccuracies will be eliminated and rich archival material will be included.” This challenge was set in 2015 by the team that developed the first Almanac of the Command and Staff Faculty. As a participant in this team, the author tries answers of the following questions: Is the date of our creation set exactly? For what reason? What does the restructuring of the Military Academy “G. S. Rakovski” in the years 1945 – 1951?*

Key words: *education, armed forces building.*
