

IS IT THE END OF THE UNIPOLAR WORLD

Vasil Gruev

Abstract: *The article presents the main events in the international relations after the end of the Cold War. The formation of a unipolar world and the actions of the United States as a liberal hegemon. Did these actions threaten the role of the only superpower? Will they be the cause of the end of the unipolar world and the emergence of the multipolar international system?*

Key words: *unipolar moment, multipolar world, realism, neoconservatism.*
