

## FIRST AID TRAINING OF STUDENTS

**Daniela Baleva, PhD**

**Abstract:** *First aid training of representatives of key groups, that are part of the education process, is one of the main preconditions for protection of the life and health of children at school in case of disasters and incidents. This article analyses the current level of first aid training of students in the educational system in the Republic of Bulgaria and provides evidence of the necessity for improvement. Results of an original research on the dispositions and interests of students for providing first aid and improving their skills in this aspect.*

**Key words:** *training, first aid, students.*
